Business Administration

ISEG 2014

CALL FOR PAPERS

The Faculty of Economic Sciences and Business Administration within Transilvania University of Brasov, in collaboration with the Institute for Economic Forecasting within the National Institute for Economic Research "Costin C. Kiritescu" of the Romanian Academy cordially invite you to submit your research papers for presentation and discussions at the first edition of the International Conference **„Inclusive and sustainable economic growth. Challenges, measures and solutions” (ISEG 2014)**. The conference will be hosted this year by Transilvania University of Brasov and will be held on the 31 of October 2014 in Aula Universității, str. Iuliu Maniu nr.47A, Brasov.

The conference will focus this year on three main topics of research:

1. Economic growth and convergence perspectives in the European Union: Measurement methods and new empirical evidence
2. New inequalities, multidimensionality and growth pro-poorness
3. Issues and challenges in the Romanian higher education

We strongly encourage submission of research papers advancing an econometric approach.

The meeting will be an excellent opportunity for academics, researchers and doctoral students to present new research results and to discuss challenging issues on the topics of conference. The aim of this new series of conferences is to gather research interests and to stimulate collaborative research around actual macroeconomic topics (as suggested below) with an econometric focus.

Organising committee:

Acad. Lucian Albu, Director Institute for Economic Forecasting
Prof.univ.dr. Gabriel Brătucu, Transilvania University of Brasov
PhD.Marioara Iordan, Deputy Director , Institute for Economic Forecasting
Prof.univ.dr. Monica Răileanu Szeles, Transilvania University of Brasov
