

Siemens Industry Software Brasov

Curious Minds Programs 2015

January 2015

We believe in the potential of every student!

At SISW, we are committed to maximize your technical and teamwork potential at different stages of your educational and professional journey.

In this view, we have designed a series of programs that offer you continuity in learning and practicing with C++. This way you will have the chance to interact and be mentored by our experts in the field. If you attend the classes of the FMI or IESC faculty and are interested in a C++ based software development professional career then you are invited to apply for the following programs:

Curious Minds Optional course

Curious Minds Internship

Curious Minds Summer School

Contact us:

Facebook: > [Siemens Industry Software](#)

Address: 13A, Bdul Garii, Brasov

■ Curious Minds Optional course

We teamed up with the Transilvania University of Brasov so as to provide the FMI students (2nd year) with an entry-level C++ module.

You will **benefit** from:

- a ten-week, credit-bearing program at our headquarters in Brasov
- an interactive and innovative method of teaching and learning
- an ARDUINO training
- permanent online support

Period: March - May 2015

■ Curious Minds Internship

An internship at SISW enables you to interact with leaders in your field that will provide you with a hands-on experience in C++. If you are an FMI student then you can register directly on the faculty's internship portal, while if an IESC student you may register by sending us an email.

You will **benefit** from:

- a three-month scholarship
- an intensive credit-bearing program
- one-to-one mentorship and the chance to work with our teams
- permanent online support

Period: July-September 2015

■ Curious Minds Summer School

This 5th edition of the Curious Minds Summer School is designed for medium C++ skilled students, currently attending second year of study at FMI and third year of study at IESC.

You will **benefit** from:

- a three-month scholarship
- intensive mentorship
- prizes and awards
- the chance to win another six-month scholarship and write your diploma thesis under the guidance of our experts
- permanent online support

Period: August 3rd - September 18th 2015

Do not hesitate to contact us for questions or suggestions!
