

Concurs de idei – concepte inovative pentru biciclete și / sau mijloace de transport nemotorizate dedicate reducerii poluării, descongesterii traficului sau pur și simplu bucuriei pedalatului.

Ne pasă – Ne implicăm – Ne influențăm viitorul !

INO-PoC-Bike se desfășoară în spiritul "Validare concept - Proof of Concept":

Conceptele prezentate sunt baza viitoarelor proiecte de dezvoltare și demonstrează pe lângă oportunitatea de a deveni astfel de proiecte, abilitatea echipei de a formula rapid un răspuns la o provocare tehnică.

Puncte cheie evaluate: A1 funcții / utilizare – A2 inovație – A3 cost – A4 design – A5 recreație

Premii: cărți / unelte / cadouri surpriză

Date suplimentare / asistență / contact / înscriere la: Tel. 0268.50.4769

Ruxandra PUIU, puiurxa@schaeffler.com și Horia Abăitancei abaithri@schaeffler.com

Termen predare propunere de proiect: 27 martie 2015, 11 p.m.

New Ideas Contest – innovative concepts for bicycles and / or no engine based, transportation devices dedicated to low emissions, lower traffic congestion or simply to cycling fun.

We care – We get involved – We contribute to our future !

INO-PoC-Bike derives from "Proof of Concept" principles

Presented concepts are base for future development projects and prove, beside the opportunity to become a development project, the ability of the team to rapidly formulate an answer to a technical challenge.

Evaluated keypoints: A1 function/ usability – A2 innovation – A3 cost – A4 design – A5 leisure/recreation

Prizes: books / tools / surprises

Additional information / assistance / contact / registration: Tel. 0268.50.4769

Ruxandra PUIU, puiurxa@schaeffler.com and Horia Abăitancei abaitri@schaeffler.com

Deadline for concept proposal submission: March 27th 2015, 11 p.m.

Data of the Team	
Name of the team* / web page of the team	
Contact data: team contact person first name and surname / phone / email *	
Team category- please delete not relevant data	Kronstadt high school - high school – university students – experts of product development – experts fans – other, please specify

* mandatory fields

Data of the Concept / project proposal - please delete not significant categories

Note: Indicated category will have the highest weighting factor all other aspects – A1 – A5 will be also evaluated

Main concept participation categories	A1 function / usability – A2 innovation – A3 cost – A4 design – A5 – leisure/recreational	
Evaluation formula for Nr. of Points = NoP	$NoP = \sum_{i=1}^5 w_i \cdot A_i + A_6$	1. Mark given by jury and assistance for the concept categories $A_i = 1..5$ (max.5) A6 – mark from 1...5 given for project organization 2. weighting parameters $w_i = 0.5$, exception the weighting factor indicated by the proposing team, that is related to the focus criteria of the concept, where $w_i = 1$, (e.g. a concept focused on "design" will have $w_4 = 1$)

NOTE:

1. All data and ideas will be processed respecting intellectual property rights.

Calendar of competition		
1.	February 27 th 2015	Announcement of competition
2.	27 st February – 27 st March 2015 , 12:00 PM	project proposal preparation and submission to 5 th ECTiS office – contact address: Ms. Ruxandra PUIU, puiurxa@schaeffler.com and Dr. Horia Abaitancei abaithri@schaeffler.com
3.	27 st – 28 th of March 2015 28 th of March 2015	Evaluation of proposals to be prepared and presented at 5 th ECTiS – 28 th of May 2015 Communication of evaluation results to participation teams and submission of templates for project presentations
4.	28 th of March – 26 th of May 2015	Project work / preparation of presentation materials
5.	26 th – 28 th of May 2015	Preparation of project presentations at Schaeffler Romania
6.	May 28 th 2015	Project presentation at 5 th ECTiS / Announcement of winning concepts.
7.	June 2015	Preparation of winning concepts for participation at Forum of Inspiration - Herzogenaurach

Proof of Concept Center – bicycle concept contest

ABSTRACT

(max. 500 characters; figures are welcomed but abstract should not exceed 1 slide) – please indicate:

- project proposal goal,
- addressed values,
- considered working principle of the system
- expected outcome (deliverable)

PROJECT DESCRIPTION – max 7 slides

Aspects of the Project Proposal – proposed template above

Motivation of addressed values – 0,5 slide

State of the art for the given category - 0,5 slide

Working principle - 2 slides

Basic computation supporting "proof of concept" - 1 slide

Needed resources and proposed solutions to acquire / create them – 1 slide

Proposed steps for project work – 1 slide

Free comments to support applications – 1 slide

Motivation of addressed values

TEMPLATE – please fill out this form

State of the art for the given category

Working principle - 1
