

## Agfa Graphics Discovery

**Be part of the innovation wave in Europe!**

**Agfa Discovery 2013:**

**The International Industrial R&D Internship Program**

*Dear Madam/Sir,*

*We are glad to inform you about the new opportunities for students at Agfa Research and Development within the international internship program Agfa Discovery 2013. The new internship places will be open from January 2013.*

*Students can apply in the field of advanced materials science & technology (formulation and nanomaterials), process and business development in the areas of digital industrial printing and imaging, renewable energies and green technologies.*

*We offer:*

- *Challenging and innovative projects in the student specific area of interest*
- *Training in the latest R&D practices and methods by experienced professionals*
- *Personal skills development in projectmanagement, communication and networking*
- *Full administrative support before and during the period of the internship by Agfa Discovery internship office*
- *Well-located, comfortable apartments for 2 or 3 students in Antwerp the creative hot spot of Europe*

*Please find attached the poster describing our programme "Discovery 2013".*

*We also have a website where you can find these opportunities:*

[www.agfa.com/discovery](http://www.agfa.com/discovery)

*Could you please inform your students about our internship opportunities?*

*If you are not the person responsible for the international internships, please pass this mail to the right person.*

*Mrs Daisy Van Opstal- Assistant Discovery  
Tel.: +32 3 444 3215, Fax: +32 3 444 3220  
Email: [daisy.vanopstal@agfa.com](mailto:daisy.vanopstal@agfa.com)*

*I would like to thank you in advance.*

*Kind regards  
Daisy Van Opstal*
