

IF YOU ARE A STUDENT, THERE ARE SO MANY REASONS TO JOIN OUR COMPANY

LET US TELL YOU ONLY FIVE OF THEM:

- ▶ We are 300+ professionals located in Romania and 8500+ world wide who put their talent and knowledge at service daily to make product development dreams become reality – and we succeed!
- ▶ We are a global leader in our industry, bringing better products to market for our customers and for the millions of people around the world who benefit from them.
- ▶ We trust and sustain each other to learn, perfect ourselves and grow.
- ▶ We offer the chance to create the engineering career you always wanted, with international mobility options, opportunities to learn and the chance to become the best in our field.
- ▶ We offer flexible program, health & sport benefits because we care for your development outside the company too.

8,500+
Professionals

3 Regions

Europe, North America,
Asia Pacific

16 Global Delivery Centres

4 Industries

Aerospace, Automotive,
Automotive Suppliers, Industrial Heavy Machinery

The people we look for:

We seek out likable people with bright and creative minds, ready to join our teams. If you:

- Are a student at **Electrical Engineering Faculty**
- Or you follow a **Master degree in Electrical Engineering**
- Already have a **Master degree in Electrical Engineering**
- Have **Catia V5** knowledge or experience (great advantage!)
- Have good command of English language (written and spoken)
- Have good communication skills
- Have organization capacity and result orientation

We invite you to send us an email with your resume, and hopefully, you will become our colleague!
