Proiectele s-au derulat între anii universitari 2005-2006 și 2015-2016 în cadrul programelor CEEPUS II și CEEPUS III și au fost coordonate de Universitatea de Medicină și Farmacie „Iuliu Hațieganu” din Cluj-Napoca.

Lista partenerilor pentru fiecare an universitar poate fi consultată în anexă.

CEEPUS (Central European Exchange Program for University Studies/Programul de schimburi pentru studii universitare în Europa Centrală) a fost creat în 1995 din inițiativa Austriei pentru a impulsiona cooperarea regională a universităților din țările regiunii Dunării și a parcurs mai multe etape, cooperarea extinzându-se și implicând astăzi 16 țări participante

(Albania, Austria, Bosnia-Herțegovina, Bulgaria, Croația, Cehia, Kosovo, Macedonia, Moldova, Muntenegru, Polonia, România, Serbia, Slovacia, Slovenia, Ungaria). Acordurile CEEPUS (CEEPUS I, CEEPUS II, CEEPUS III) au fost semnate de Comitetul Comun al Miniștrilor Educației din țările participante, fiind apoi ratificate și implementate în legislațiile țărilor semnatare. România este semnatară a Acordurilor CEEPUS din anul 1998.

În prezent, desfășurarea Programului CEEPUS III în România se face în baza Acordului CEEPUS III, semnat la 25 martie 2010, la Budva (Muntenegru) precum și a HG nr. 453 din 4 mai 2011 privind implementarea Programului de schimburi pentru studii universitare în Europa Centrală.

Programul permite mobilități de scurtă durată pentru studenți, masteranzi, doctoranzi și medici rezidenți, precum și misiuni de predare efectuate de cadrele didactice.

S-a eliberat prezenta la solicitarea interesatului.
